

**General**

Provide MYSON ES40 CLASSIC COMFORT electric towel warmer including accessories as scheduled. Classic Comfort towel warmers, available in 2 sizes, are made of brass tube and fittings in a variety of finishes. The ES40 electric towel warmer is ETL approved.

Each ES40 towel warmer is constructed with a 1-1/4" diameter frame and 1" diameter horizontal bars. A two point mounting kit is included. The towel warmers are equipped with an ISO 9001 certified PTC smart thermo control element and a back lit on/off rocker switch (Figure 1). Each unit is filled to a precise level with a glycol based heat transfer fluid for optimum convective flow, providing a constant surface temperature. Every unit is factory tested to insure the finest quality product with design temperature output.

**Standard Connection:**  
single gang box

**Electrical Specifications:**  
120 Vac 60 Hz (see below)

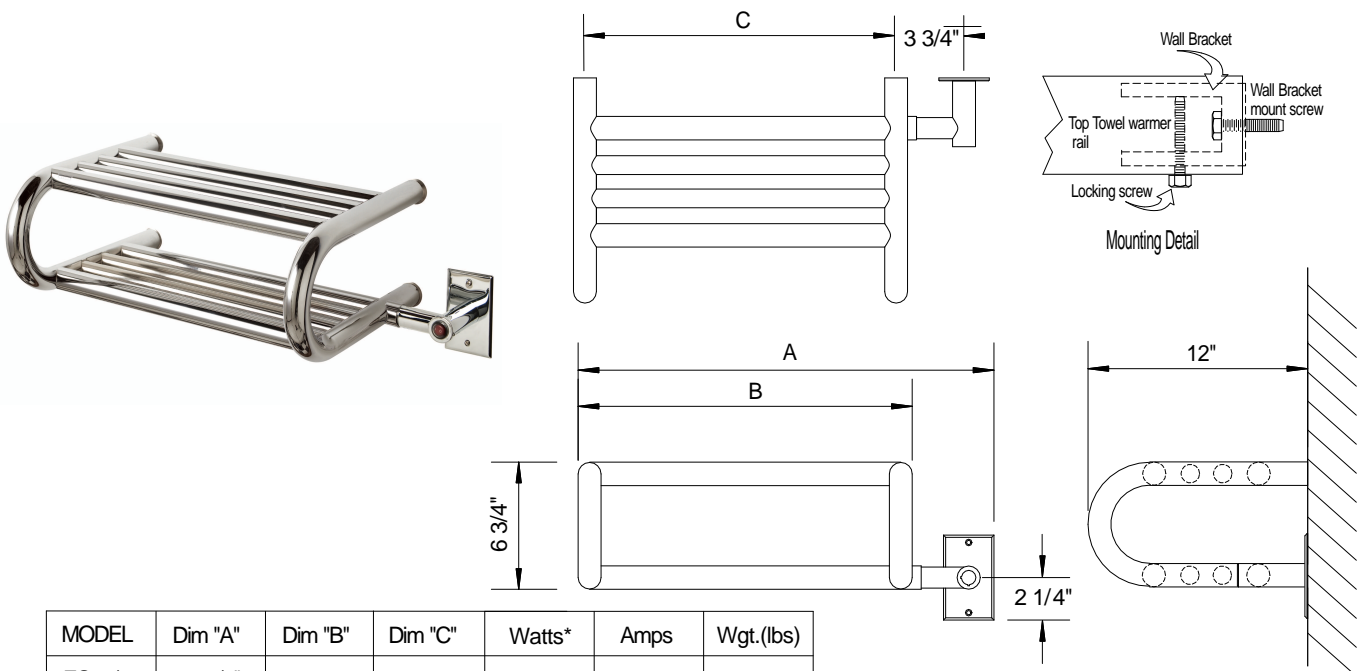

**Weight:**  
(see below)
