Installation Notes

Install this product according to the installation guide 209-1231.
• The Robern Engineered Stone Tops and porcelain sinks are recommended for this vanity.
• Special site preparation is required. Wall bracing and Robern supplied hardware are recommended.
• If a sink will be installed, the plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity.
